Greater Chattanooga

## EDUCATION

### Fighting for people means investing in education.

We envision a world where all individuals and families can achieve their full human potential through education, stability, and support.

60% of children are not ready for kindergarten and 60% of third graders are not reading at grade level. Right now, 60% of children in Chattanooga are less likely to succeed in school and life.

The fight for education is hard, but it is one we can win. **We win that fight by Living United. By forging unlikely partnerships. By mobilizing the best resources to find new solutions.**

### IMPACT SPOTLIGHT:

- **Project Ready for School** - making sure students start off with a solid foundation of literacy and reading skills
  - » Imagination Library
  - » Free Learning Checkups
- **Supporting Learning Outside of the Classroom** - Summer reading programs ensure students retain what they've learned during the year
- **Mentoring Collective** - Maintaining support throughout students' academic careers, to graduation, and beyond!

# STABILITY

## Fighting for people means fighting for family stability.

90% of low-income families have to choose between paying the bills or putting food on the table. With some kind of post-secondary degree, 8,000 families would be lifted out of poverty.

Fighting for income stability means equipping people with the skills and resources they need to be successful and achieve their dreams.

# SUPPORT

## Fighting for people means fighting for support.

People with disabilities - mental or physical - are more likely to live in poverty and less likely to meet basic needs.

United we forge unlikely partnerships to get people in our community the help they need to live healthy lives and achieve their dreams.
